## WOODLAND WALKS & NATURE TRAILS

Pathways criss-cross the rolling land, meandering through woodlands, around the lake and beyond the fairways. Perhaps you wish to start your day with a morning jog. Maybe you'd like an invigorating afternoon walk or romantic after-dinner stroll.

Dealing responsibly with our nature is a matter of course and the most important principle for us. During lockdown we have drawn on nature to smooth the way and bring contentment to our minds. With the support of our team, we have developed new self guided 'Deer Trails' in areas of the estate, to allow guests to find and view the native deer. Another initiative we have undertaken is to create animal habitat areas throughout the estate, as plenty of local wildlife call our estate home too, so you may just end up sharing your walk with some deer, pheasants, squirrels or badgers!

## CASTLE TOURS & HISTORY WALKS

Experience all Dromoland has to offer by taking a historical walking tour with our Castle Historian, Jane O'Brien. A local from Co. Clare and a member of the castle's ancestral O'Brien lineage, Jane has been running historical walking tours for over fifteen years. Using expert storytelling skills, she reveals the intriguing characters and stories that have shaped the castle through centuries of Irish history. With a Masters in Local History and a PhD underway, she draws on rich historical sources to reveal what life was like for those who lived here, in an entertaining and fascinating celebration of this magnificent castle.
